

January 17, 1998

To Whom It May Concern:

Alexander Robert Gray has served for the past 6 years as an excellent part time captain of my twin Diesel 57' pleasure yacht "Dawntreader" and has on numerous occasions also been responsible for normal maintenance items. He has always completed tasks assigned to him in a professional manner. He has a willingness to assist in keeping the boat properly cared for. He has many years experience in handling sail boats, including his own, and of serving as crew member on several sailing races. He knows his ship handling under both power and sail conditions. I have every confidence in his ability to properly run my boat and would willingly recommended his services to others.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Frederick A. Moreton". The signature is fluid and cursive, with a large initial 'F' and 'M'.
